

## PARK VIEW'S P. O. BRANCH IS ROBBED

Cash and Money Order Taken—Other Thefts Are Reported.

Post Office Inspector W. R. Spillman was summoned to Park View School yesterday to investigate a robbery at the branch post office there, the second in recent weeks. An inspection of the records and examination of the portion of the building set aside for postal facilities showed that \$126.58 in cash, a paid money order for \$19.87 and an envelope containing applications for money order blanks had been stolen.

Entrance to the building was gained by breaking a window. No clue to the identity of the robber was obtained.

Police are searching for a supposed sugar profiteer who may be offering supplies in small quantities at prices in excess of that fixed by the food administrator. The stock was stolen yesterday afternoon from a truck belonging to John H. Wilkins & Co., 519 Rhode Island avenue. It consisted of a sack containing 100 pounds and was taken from the truck in front of 48 Fenton street.

Francis J. Gillies, 1919 I street, has asked the police to recover a diamond ring and \$24 in cash. They were taken from a bureau drawer at his home.

Five overcoats were stolen from the yard on the premises of Morris Grosfield, 1528 14th street, yesterday afternoon. The merchant valued the stolen garments at \$85.

Burglars visited the garage of Harry C. McCleary, rear of 1224 I street, and stole automobile tools valued at \$75.

An intruder in the room of Miss Madeline Schrader, 923 19th street, yesterday stole \$60 in cash.

Miss Lillian Sammis, 1715 1st street, told the police that a pocketbook containing \$20.50 was stolen from her home yesterday.

## DEFICIENCY FUND MAY BE ASKED FOR SCHOOLS

Need for More Teachers Likely to Bring Decision at Education Board Meeting.

Decision to ask Congress immediately for a deficiency appropriation to employ more teachers in the public schools probably will be reached by the board of education when it meets in the Franklin School this afternoon.

Ernest L. Thurston, superintendent of schools, said today he did not know how many more instructors would be sought. School officials expect no difficulty, however, in convincing Congress that the present force of teachers is inadequate to handle the more than 53,000 children now enrolled in the schools. This is the heaviest enrollment the local schools have ever been called upon to take in.

The deficiency appropriation, when decided upon, will be sent to the Commissioners for transmission to Congress.

Supt. Thurston is busy studying the latest figures compiled by the teachers showing the number of children in each classroom. When he completes this task he will make a tour of a number of large cities to find out what officials in those cities are doing to relieve congestion in the schools.

## KULTUR NOW DEMANDS LADIES PAY FOR DANCING

Young Men of Stettin Revolt Against Entire Expense of Entertainment.

STETTIN, Germany, October 5 (Correspondence of the Associated Press).—The workers of Stettin and suburbs have struck against paying all the entrance fees into dances and the refreshments for their girl or woman partners at dances. Women, they assert, are now earning about as much as men and should bear their share. They positively will not dance with any woman who does not pay her own way.

The ultimatum was published in a Stettin paper, and reads: "The dancing ladies' world should pay for itself. The revolution brought the same rights for men and women."

As a result we demand that the young people of Stettin no longer pay for the ladies. Why should we male workers, who have to earn money with our hands, dance away 3 or 4 marks, perhaps a bottle of wine and other things, in order to show ourselves as cavaliers to ladies?

"If the ladies are willing to amuse themselves with us Sunday afternoons then they should bear the expense in equal shares, since we earn our money by the sweat of our brows. Therefore open your pocketbook, or remain at home."

The appeal is signed by "many young Stettin people, which have acquired good sense."
